

INDEX

Owing to a dispute in the printing industry, which affected the printing of all periodicals in Britain, there were no issues of ENGINEERING for 26 June and 3, 10, 17, 24 and 31 July, 1959.

A

- A99 Austin motor car, by G. Wilkins, 128.
See LETTER, 195
- Aas-Jakobsen, A., on economics of cylindrical shells (review), 134
- Abacas Engineering Co. Ltd., cranes and hoists (trade publication), 40
- Abelson & Co. (Engineers) Ltd., wet receiving hopper, 338
- Aberconway, Lord, on John Brown & Co. Ltd., 120
- Aberdeen, paper-making industry in, effect of Free Trade Area Outer Seven on, 531
- Ablation, hypersonic, by S. M. Scala, 208
- Abrasion resistance of polyester fibre reinforced plastics, 323
- Absorption cooling machine for air conditioning, 329
- Spectroscopy equipment, Hilger atomic (Hilger & Watts Ltd.), 196
- Abstracts, International Journal of, statistical theory and method, 133
- Abstracting, technique of, by J. Farradane, 69
- ACA, review of Effects of Differential Tax Treatment of Corporate and Non-Corporate Enterprises, 257; biographical note, 258
- Acceleration, motor car, by G. Wilkins, 372
- Accelerator costs at AWRE, 343
- Electron linear, for Deutsches Elektronen-Synchrotron, 342
- Linear, Stanford University, 310
- Energy, ultimate limit of, 310
- Linear, high current proton source for, 36
- for medical use in Russia, 692
- for medical use (Vickers), 342
- for processing materials (Vickers), 343
- for radiation therapy (Vickers), 343
- for tumour treatment, 311
- Particle, 310
- High-energy, 310
- as injector, 342
- Low-energy, applications of, 342
- References in ENGINEERING, 343
- Tandem Van de Graaff, for Switzerland and Australia (High Voltage Engineering), 343
- Pre-, for Argonne ZGS synchrotron, 342
- Proton, Alvarez, as injector for Nimrod proton synchrotron, 342
- Linear, Rutherford Laboratory, 311
- Relativistic plasma in, 510
- Small Boar, for small bore heating systems (Precision Electrical Products (Stockport) Ltd.), 433
- in Sweden, 123
- Tandem Van de Graaff, California Institute, 342
- See also *Electron synchrotron; Proton synchrotron*
- Accelerometer, high precision, manufacture of (Ferranti), 329
- for measuring shock and vibration (Technical Ceramics), 52
- Access Equipment Ltd., Mountie mobile steps with elevating shelf, 402; staging (trade publication), 586
- Accidents in building industry, 669
- Cost of, by G. H. Stuart Price, 669
- due to out-of-date equipment, 153
- Accidents at Factories, Docks, Building Operations and Works of Engineering Construction (booklet), 277
- Industrial, report on, 79
- Prevention in atomic-propelled ships, 246
- Attitude survey, NIIP, 277
- See also *Royal Society*
- Road, cost of, 186, 188
- Royal Society for the Prevention of. See *Royal Society for the Prevention*
- in steel industry in UK, US and W. Germany, 27
- Shippingport reactor, 639
- Windscale reactor, compensation and cost, 63
- Acco Bloklink elevator chains (trade publication), 40
- Accuread micrometer height gauge (Amar Gauge & Tool Co. Ltd.), 634
- ACD Bridge Co., contract for cables of Forth suspension bridge, 251
- A.C.E. Machinery Ltd., midjet hoists (trade publication), 40; Skymaster passenger hoist, 466
- Acetate ester solvent price reduction, 595
- ACF Industries Inc., purchase of Reactor Office by Allis-Chalmers, 283
- Acid resistance of polyester fibre reinforced plastics, 323
- Acme plastics welding machines with double heads (H.F. Industrial Services), 21
- Acoustic duct for calibration of microphones, 163
- Research Station, anechoic chamber, 487
- Surface treatment, fibreglass wedges for, 65
- Acoustical Investigation and Research Organisation (AIRO) Ltd., research station at Hemel Hempstead, 397; activities of, 509
- Materials, ASTM standards (book), 134
- Acoustics, noise and buildings, by P. H. Parkin and H. R. Humphreys (review), 481
- Acrow (Engineers) Ltd., offer to Hardwick Industries, 26
- Acrylic-base caulking compounds, 451
- Plastics sheets for transparent dome skylights (Rohm and Haas), 359
- Acrylonitrile. See *Copolymer*
- Acta Polytechnica Scandinavica*, note on, 257
- Activation wire drive instrumentation system for ascertaining information from a reactor core (Teleflex Incorp.), 448
- Ad. Auriema Inc., programmable constant current source, 52; Y series of Sarkes-Taryan silicon rectifiers, 600
- Adams, J. B., appointed director of thermo-nuclear research establishment, UKAEA, 62
- Adapta wall plugs (trade publication), 514
- Adding machine, Summa 15, price reduction by British Olivetti, 267
- Addison Electric Co. Ltd., instrumentation (trade publication), 212; monitor recorder for impregnation of cables, 369; eccentricity gauge for extruded cables, 465
- Additive, Desulfur, for residual fuel oil, 556
- Levelling, Elchem, for copper plating, 588
- Petrol, 2CP and 4BP (Union Carbide International Co.), 516
- Adelaide Cement Co. Ltd., Pennsylvania-Dixie swing hammermill for quarry of (GEC), 624
- Aden Port Trust tug, *Sir William Luce*, gear for, 169
- Adhesion, physical phenomena of, by Dr. H. Krupp, 135
- Adhesives, ASTM standards (book), 134
- Bonding of reinforced plastics, by H. A. Perry (book), 418
- Building, P.V.A. (Polybond), 651
- Export of, 268
- Film, transparent, Transpasene (BX Plastics), 353
- Adhesives Guide* by J. Hurd, 484
- Resin, Redux, for brake liners, 620
- for shell roof, Aerodux 185, 579
- for shell roof, Aerolite 300, 579
- Toluol resistant, Bondmaster L379, 556
- Wood, efficiency of (Forest Products Research Laboratory), 160
- Adlam, J. H., on diffusion of magnetic fields in a cylindrical conductor, 36
- Administrators, engineers and scientists as, Plain Words on, 146
- Admiralty Materials Laboratory, lead-tin-barium alloy for battery grids, 29
- Advertisements on litter bins, 153
- for management staff, 435
- Advertising by management consultants, 271
- by solicitors, 271
- Advisory Committee on Further Education for Commerce, report of, 57
- Council on Scientific Policy, survey of scientific and engineering manpower, 630, 637
- AEC Ltd., 10,000 gal. "Yorkshire" aviation fuellers for jet aircraft, 263; subsidiary in Johannesburg, 332; Dumptruck with Edbro tipping gear, 359; supply of Mandators for tanker and refinery work to Mobil Oil Portuguesa S.A., 492
- AEC Vehicles (SA), formation of, 332
- AECL. See *Atomic Energy of Canada Ltd.*
- AEI-John Thompson Nuclear Energy Co. Ltd., collaboration with Nuclear Power Plant Co. Ltd., 62; reactor systems for ship propulsion, 83-84; cylindrical vessels with steel tape fretting, 471; boiling water reactor for ship propulsion, 607
- AEI Lamp & Lighting Co. Ltd., extension to marketing organisations, 491; Xenon discharge lamp for Dungeness High lighthouse, 688
- Aerial surveying for maps and mosaics, 504
- of mineral deposits, 504
- in road building 505
- Aerialite Ltd., annual report, 645
- Aero Clubs, Association of British. See *Association*
- Engine. See *Aircraft engine*
- Aero-Enterprises (Boreham Wood) Ltd., Piaggio P. 166 aircraft, 152
- Aerodux 185, adhesive for shell roof, 579
- Aerodynamic instability of bridges, 183
- Aerodynamics of automobiles, MIRA research, 383
- Exhibits at Science Museum, 409
- Aerograph-DeVilbiss Co. Ltd., rail-mounted self-propelled paint spray booth, 84; paint distribution system for Ford Motor Co. expansion, 459
- Aerogreg preimpregnates for reinforced plastics, 103
- Aerojet General Nucleonics, boiling sulphur reactor, 64; graphite-moderated boiling-sulphur reactor, 205; M-1 gas turbine reactor plants, 638
- Aerolite 300, adhesive for shell roof, 579
- Aeronautical Collection, National, at Science Museum, 408. See LETTER, 568
- Conference, Anglo-American. See *Anglo-American*
- Engineering, College of. See *College*
- Dictionary of, by J. L. Nayler, 649
- School of, transfer of, 245
- Research Laboratories (Australia) annual report, 211
- Society, Royal. See *Royal*
- Aeronautics, Collage of. See *Cranfield*
- Documentation and information service (Paris), 5
- See also *National Aeronautics and Space Administration*
- Aeroplane. See *Aircraft*
- Engines. See *Aircraft engine; Turbine, gas*
- Aeroplastics Ltd., Aerogreg preimpregnates, 103
- Aerosols, by A. Herzka and J. Pickthall (review), 166
- Industry, position and prospects of, 445
- Products, 445
- Aerosol-Turbo Ltd., Aerolette portable humidifier, 569
- Aerolette portable humidifier (Aerosol-Turbo Ltd.), 569
- AFL-CIO, survey on wages in union and non-union shops, 373
- Africa, tour by Lord and Lady Montague with Beaulieu Motor Museum exhibits, 348
- West. See *West*
- African Manganese Co., diesel-electric shunting locomotive for (Yorkshire Engine), 686
- North. See *North African*
- Afterburner, catalytic, for exhaust fume treatment, 28
- Agecroft Colliery, tunnel driving at, 23
- Aggregate and cement, reactions between, by F. E. Jones and R. D. Tarleton (book), 70, 102
- Cladding panels, exposed, for office block (John Ellis & Sons Ltd.), 542
- Handling, Fulflo conveyor feeder for (Wickham Engineering), 22
- Lightweight, for concrete, from sintered pulverised fuel ash (Lytag Ltd.), 475
- Agitator. See also *Stirring devices*
- Aglite lightweight aggregate, 651
- Agricola aircraft for agricultural use (Auster), 357
- Agricultural Aviation Centre, European, activities of, 357
- Conference, International. See *International*
- Group of Royal Aeronautical Society, 25
- Engineers, Institute of British. See *Institute*
- Association, trend of agricultural machinery sales, 460
- Gallery at Science Museum, 408
- Machinery Exhibition and Smithfield show, 627
- Insurance of, 598
- Sales, trend in (Agricultural Engineers Association), 460
- Plant (trade publication), 514
- Production in China, 115
- Agriculture, aircraft for, 357
- See also *Farm irrigation; Tractors*
- Ailsa Shipbuilding Co., Ltd., *Freshwater* passenger and car ferry, 590
- Air Automation, pneumatic equipment (trade publication), 212
- Blowers. See *Blowers*
- Breathing engines, Mollier diagram applications, 214. See *Correction*, 560
- Circulation ovens on BOAC Comet 4 (GEC Ltd.), 295
- Clean. See *Clean air*
- and combustion gases, thermodynamic properties of, by O. Lutz and F. Wolf (book), 482
- Compressed. See *Compressed air; Pneumatic*
- Compressors (trade publication), 212
- Axial-flow, silenced (Plannair), 140
- for Cumbrae Lighthouse (Broom & Wade), 520
- for Ford Motor Co. expansion (Alley & Maclellan (Polmadie) Ltd.), 459
- for Netherlands electric power stations (Grasso Koninklijke Machinefabrieken), 361
- Portable, with electric drive (Hymatic Engineering), 401
- Stationary, combined aftercooler and anti-surge tank for use with (Holman Bros. Ltd.), 486
- Stationary duplex (Holman Bros. Ltd.), 370
- Tractor-mounted (Newage), 592
- Weir-Clark, 491
- See also *Blower; Gas compressor*
- in concrete, meter for measuring (trade publication), 514
- Conditioning (trade publications), 258
- by absorption cooling machine, 329
- Equipment for paper making industry (trade publication), 386
- for high-precision instrument manufacture, 329
- Plant, Carrier, 308
- Plant for Gamet Products Ltd. (Climatic Controls), 110
- Coolers at Milford Haven refinery, 347
- Diffuser, Kno-Draft, with adjustable discharge (Ozonair Engineering Co. Ltd.), 665
- Extractor, Mechavent Roofline, for roof ventilation (Greenwood & Airvac Ventilating Co.), 400
- Filter for multi-fuel engines, 655
- Filtration for air conditioning plant, 329
- Flow switches for safety and control circuits (Londex), 400
- Force Research (U.S.). See *United States Air Force*
- Freight price reduction by KLM, 595
- Heater. See *Heater*
- Heating (trade publication), 258
- Leakage in rotary blowers, 325, 326
- Lubricated bearings for precision dynamometer, 614
- Air-O-Brinell hardness testing machine (Edward G. Herbert Ltd.), 85
- Pollution, electric train overhead equipment problems, 233
- by exhaust fumes, 28
- Plain Words on, 302
- Air pollution research at Warren Spring Laboratory, 68
- by smoke, 28
- Registration Board, annual report, 83
- Screws. See *Propellers*
- Traffic Control Board, constitution and activities of, 28; aircraft control in London Control Zone, 531; terms of reference, 567
- Control, civil research in, 577
- Control experimental unit, 577
- Control, General Precision Systems, 549
- Control, military research in, 577
- Control, need for action in, 576
- Control, operational research in, 577
- Statistics, 19
- Air Trainers Link Ltd., CERES electronic simulator for refinery processes, 38
- Training, College of, plans for, 245
- Transport to Antarctica, 640
- Association, International. See *International*
- in Europe, discussions in Parliament, 531
- Fares dispute, 367
- Position and prospects of, by Sir E. Smith, 127
- Turbine. See *Turbine*
- Unit, cold, Godfrey CA-7 Mk. 5, for cooling aircraft cabins, 215
- See also *Atmosphere*
- Airborne Profile Recorder, 504, 505
- Airco DH-121 jet airliners for BEA, 88
- Aircommuter airliner project (Lockheed), 26
- Aircraft accessory gearbox on Vickers Vanguard aircraft (Rotol Ltd.), 296
- Agricola, for agricultural use (Auster), 357
- for agriculture, 357
- Airco DH-121 jet airliners for BEA, 88
- Aircommuter airliner project (Lockheed), 26
- Argosy freighter, roller conveyor for (Armstrong Whitworth), 170
- Britannic 3A freighter, 308
- Britannic SC5 freighter, 308
- Cabins, cooling, Godfrey CA-7 Mk 5 cold air unit for, 215
- Caribou transport (de Havilland (Canada)), 559
- Transport, for US Army, 660
- Carrier *Enterprise*, reactors under test for, 380
- *Hermes*, description of, 609
- *Ocean*, conversion to exhibition ship, 111
- *Victorious*, 327
- Civil, development of, 308
- Comet airliner for BEA, 549
- Airliners for Misrair, 627
- Comet 4 airliner (de Havilland), 215
- Airliner with air-circulation ovens (GEC Ltd.), 295
- Airliner, radome for, 323
- Constructors, British, Society of. See *Society of British*
- Control in London Control Zone, discussion in Parliament, 531
- Convaire 600 jet freight-passenger liner, 396
- Coronado jet freight-passenger liners for Swissair and SAS, 396
- Curtiss pusher biplane (1912), replica of, 107
- De-icing on Electra airliner, 582
- Delta-wing (Nord-Aviation), 519
- DH121 jet airliner, design modifications, 25
- Dornier D027 (Blackburn Aircraft), 519
- Electra airliner, ice protection on, 582
- Electrical engineering, by G. G. Wakefield (book), 134
- Engines, Blackburn, 645
- Double Scorpion rocket, 107
- Leonides in Hovercraft (Alvis), 202
- Model, Frog 349, 672
- Orpheus turbojet, for Japan, 627
- Orpheus turbojet, manufacture by Hindustan Aircraft, 605
- Orpheus turbojet, serviceability record in Fiat G91 fighters, 31
- at Science Museum, 409
- Thor BT-1 ram jet (Bristol Siddeley), 391
- Tool kit for (Rolls-Royce, Ltd.), 169
- Upper atmosphere, by Dr. W. F. Hilton, 89
- for VTOL aircraft, by H. Pearson, 584
- Aircraft and Equipment News, Reed's, 257
- Exhibits in aeronautical collection at Science Museum, 408
- at Farnborough Show, 202-203
- Fiat G91 fighter, serviceability record, 31
- Flying Bedstead VTOL, 190
- Fuselage, section exhibit at Science Museum, 409
- Glider, miniature barograph for recording height (Firth Cleveland Instruments), 262
- Helicopter, for ambulance pods, 405
- for Armed Forces, 667
- Bristol 192 twin-engined tandem-rotor, 519
- for India, 563
- Noise, 678
- Saunders-Roe P531, with Blackburn A129 free-turbine engine, 295
- 3-way lift, designs for (Westland Aircraft), 359
- Turbine-engined Sikorski S62, 391
- Hiller XROE-1 Rotocycle (Saunders-Roe), 519
- Hovercraft at Farnborough Show, 202
- in US, discussion in Parliament on, 499
- IL-18 turboprop airliner, Russian, 519
- Industry, civil aircraft developments in, 308
- Company mergers in, 26

- Aircraft industry, exports of, 494
 — French, progress and sales boosting in, 364
 — Position and prospects of, 661
 — Position and prospects of, E. Bowyer on, 238
 — Position and prospects of, discussion in Parliament on, 499
 — Position and prospects of, trade union deputation on, 238
 — Redundancy in, 89
 — Research and development plea, by Lord Brabazon, 83
 — Trade union deputation on, 238
 — Jet airliners, crews of, 635
 — Airliners, fares dispute on, 367
 — Airliners, insurance of, 598
 — Noise suppression of, 397
 — Noise suppression nozzle for, 453
 — Provost trainer, fatigue loadings study on, 512. See *LETTER*, 631
 — Thrust reversal "eyelids" for, 453
 — "Yorkshire" 10,000 gal aviation fuelers for (AEC), 263
 — JetStar jet transport, chemical milling system for, 30
 — L-60 Brigadyr, for agricultural use, 357
 — Landing. See *Landing*
 — Limocopter helicopter project (Lockheed), 26
 — Lockheed Electra airliner (KLM), 519
 — Man-powered (T. R. F. Nonweiler), 559
 Aircraft Manufacturing Co. Ltd., Airco DH-121 jet airliners for BEA, 88
 — Models, reinforced plastics for, 420
 — at Science Museum, 409
 — Silver Streak diesel engine for, 29
 — Noise, discussion in Parliament, 531
 — Piaggio P.166 for executives, 152
 — Prospector, for agricultural use (Lancashire Aircraft), 357
 — Refuelling pack, Mk 20, 215
 — Pack, Mk 20, ram air turbine drive of (Flight Refuelling Ltd.), 295
 — Rolling, response in, by W. J. G. Pinsker, 512
 — Rotodyne VTO airliner as "flying crane," 23
